PEUGEOT

PEUGEOT

Image used for illustrative purposes only

PEUGEOT 208 models come with the following equipment as standard:

Safety and Security

- ESP with Hill Assist
- Speed Alarm / Speed Limiter
- ABS with Electronic Brake Force Distributor (EBFD) & Emergency Brake Assist (EBA)
- Automatic Hazard Light Activation
- PEUGEOT Connect SOS and Assistance
- Child Safety door locking
- Seatbelt alarm
- Driver and Passenger airbag with Passenger airbag deactivation switch
- Front side airbags
- Front and rear curtain airbags
- Thatcham approved Cat 2 immobiliser
- Rear seat 3 point ISOFIX location mounts x 2
- 3 x 3-point rear seat belts
- Space saver spare wheel
- 15" steel spare wheel
- Deadlocking
- Tyre pressure sensors

Comfort and Convenience

- Cruise control
- Electrically assisted power steering
- Height and reach adjustable steering wheel
- Electric front windows
- 'One touch' electric front driver's window
- 12v power socket
- Remote control central locking
- External temperature gauge
- Gear shift indicator
- Trip computer

In Car Entertainment

- 7" multifunction colour touchscreen
- DAB digital radio
- Bluetooth®
- Steering wheel mounted controls
- 3.5mm jack for external audio device & USB socket
- 2 front and 2 rear speakers plus 2 tweeters

Interior Features

- Leather trimmed steering wheel
- Passenger and driver sunvisors with vanity mirrors
- 2/3 1/3 rear bench
- Driver seat height adjustment
- Rear head restraints x 3

Exterior Lighting and Visibility

- LED Daytime Running lights
- Rear 'Boomerang' effect LED lights
- Rear fog light
- 'Follow me home' lighting
- Rear wash wipe

SIGNATURE Sporty and elegant appeal with additional style and

Comfort and convenience
- Visibility pack (automatic headlights, windscreen wipers & electrochrome rear view mirror)
- Electric, heated and folding door mirrors
- Rear parking sensors

Interior features
- Adamantium Cran Trim with Cardio Blue stitching

Exterior features
- 16" Titane alloy wheels
- 'Signature' badging
- Chrome door mirror
- Dark tinted rear and side windows

Lighting and Visibility
- Front fog lights

TECH EDITION Packed with technologies to fit today's lifestyle with 'Tech Edition' badging adding to its kerb appeal

Signature specification +

Exterior features
- 16" 'Titane' Matt Black alloy wheels
- 'Tech Edition' badging
- Cornering assist fog lights

Comfort and convenience
- Electric front & rear windows including 'one touch' electric front driver's window

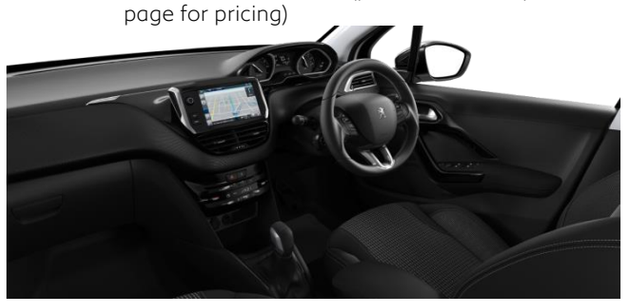
In-car entertainment
- Connected 3D Navigation*
  - Automatic connection via PEUGEOT Connect
  - TomTom® Live updates (3 year subscription)^
  - SpeedCam / Danger Zones paid subscription available at extra cost (please refer to options page for pricing)

Visibility
- Front & rear parking sensors
- Colour reversing camera
- Park Assist

Interior features
- Black Techmat Cloth trim

Heating and ventilation
- Automatic dual zone air conditioning

Safety and security
- Active City Brake



*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation

CO2 figures and OTR pricing shown above are for a standard vehicle without any additional optional equipment. CO2 and fuel economy figures and OTR pricing may vary according to wheel fitment and optional extras fitted.

The fuel consumption you achieve, and CO2 produced, in real world conditions will depend upon a number of factors including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP*) used to measure fuel consumption and CO2 figures. The CO2 figures shown are NEDC equivalent, calculated using an EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration. CO2 and fuel economy figures may vary according to wheel fitment and optional extras fitted.
Figures shown are for comparability purposes; you should only compare fuel consumption and CO2 figures with other vehicles tested using the same technical standard.

*WLTP - Worldwide harmonised Light vehicles Test Procedure. **NEDCeq - New European Driving Cycle.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

Connected 3D Navigation*

Satellite Navigation: (Standard on Tech Edition)

Linked to the 7.0" capacitive colour touchscreen, the system includes European mapping, 3D city mapping and voice recognition.

The system also includes a 3 year subscription to PEUGEOT Connect allowing a connection to online navigation services (in partnership with TomTom®). Key features of PEUGEOT Connect include:

- **TomTom® Traffic*:** Real-time updates on traffic conditions (traffic jams, road works) and suggested alternative routes.
- **Local Weather:** Displays forecasted weather conditions along the route.
- **Fuel Stations:** Displays nearby fuel stations and pricing.
- **Local search:** Access address and contact detail information for a point of interest*

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation. ^Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: https://services-store.peugeot.co.uk/

Colour Reversing Camera

Colour Reversing Camera: (Standard on Tech Edition)

A camera located on the rear of the vehicle is linked to the 7.0" capacitive colour touchscreen. Offering increased visibility when reversing. It features a Rear Grid View which gives you a clear view of obstructions to the rear of the vehicle coupled with grid lines oriented to the positioning of the steering wheel, offering perspective for distances of one and two metres respectively from the rear bumper.

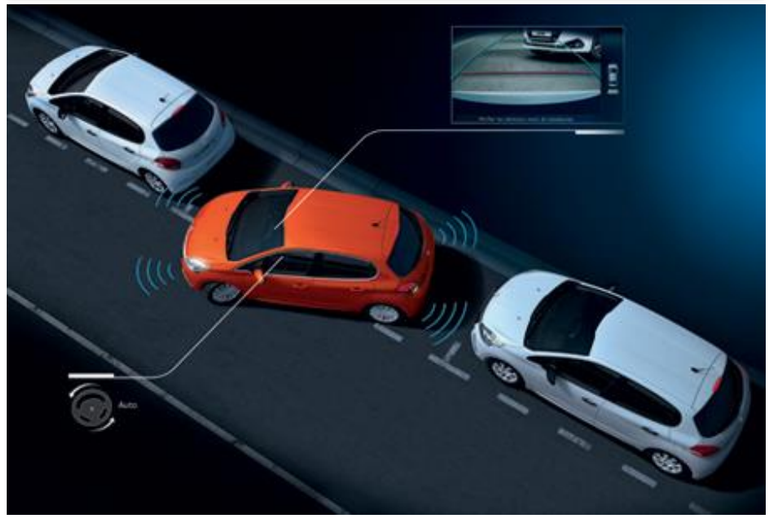

Image used for illustrative purposes only.

Park Assist

Park Assist pack: Includes front and rear parking sensors and colour reversing camera (Standard on Tech Edition)

Park Assist: This system provides active assistance for parking by detecting a parking space and then operating the steering system to park in this space.

During a parking manoeuvre the vehicle operates the steering whilst the driver manages the pedals and gearbox control. During the entry and exit from a space the system provides visual and audible information to improve the safety of the manoeuvre. The system works with parallel parking only.

Mirror Screen®

Mirror Screen®: (Standard across the range)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 7.0" capacitive colour touchscreen. System features vary by provider/phone and can include navigation, text display, text reading, media functionality voice control. Mirror Screen® uses the following systems:

- **Apple CarPlay™**
- **Android Auto**
- **MirrorLink®**

For further information on Apple CarPlay™ and smartphone compatibility please visit : https://www.apple.com/ios/carplay/

For information on Android Auto and smartphone compatibility please visit : https://www.android.com/auto/

Active City Brake

Active City Brake: (Standard on Tech Edition)

Active City Brake* technology makes it possible to avoid an accident or reduce its severity if the driver fails to react.

It works in urban conditions at speeds of less than 20 mph. A short range sensor is fitted to the top of the windscreen and can detect other vehicles that are driving in the same direction or stationary.

This will automatically trigger an emergency brake to stop the vehicle and avoid a collision entirely or limit the consequences of an accident by reducing the speed of impact.

The fuel consumption you achieve, and CO2 produced, in real world conditions will depend upon a number of factors: including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP*) used to measure fuel consumption and CO2 figures. The CO2 figures shown are NEDC equivalent, calculated using EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration.
Figures shown are for comparability purposes; you should only compare fuel consumption and CO2 figures with other vehicles tested using the same technical standard.

*WLTP - Worldwide harmonised Light vehicles Test Procedure. **NEDC - New European Driving Cycle.
^ 'LOW': Low speed city driving, representative of city centre driving, maximum 35mph.
^^ 'MEDIUM': Medium speed town driving, representative of town or suburban driving, maximum 50mph.
^^^ 'HIGH': High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph.
^* 'EXTRA HIGH': Extra High speed motorway driving, representative of a typical European motorway, maximum 81mph.
^*^ 'COMBINED': A mixed journey average of all elements
** Stock only vehicle

Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

PEUGEOT 208 Range: AdBlue®

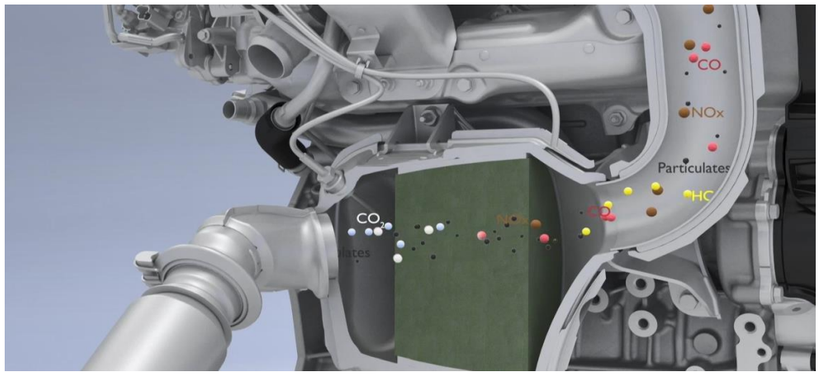
All PEUGEOT models equipped with BlueHDi engine technology are fitted with SCR technology (Selective Catalytic Reduction) and particulate filtration to treat exhaust gases.

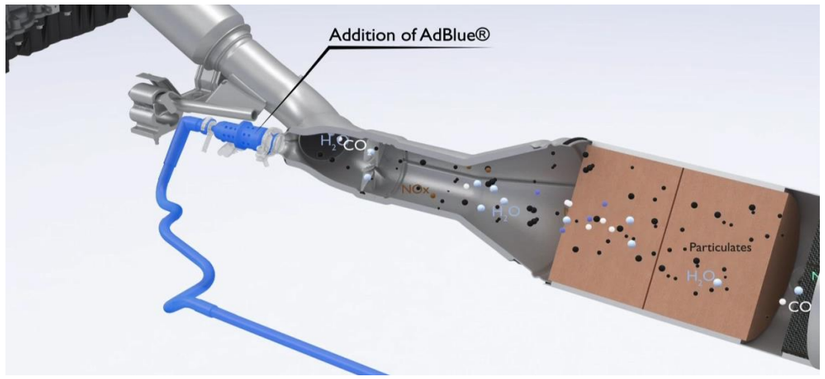
How Does the Process Work?

The process specifically targets the pollutants of diesel combustion, removing hydrocarbons and carbon monoxide, reducing nitrogen oxides by up to 90% and eliminating 99.9% of particulates.

This occurs during a three stage process:

- Stage One - the oxidation catalytic converter eliminates the hydrocarbons (HC) and the carbon monoxide (CO), transforming them into water (H_2O) and carbon dioxide (CO_2)
- Stage Two - the SCR (Selective Catalytic Reduction) transforms the nitrogen oxides (NOx) into water (H_2O) and nitrogen (N_2), which is the main constituent of air (78%), due to the addition of AdBlue® (mixture of urea and water)
- Stage Three - the Particulate Emission Filter eliminates 99.9% of the particulates by number, leaving just harmless water (H_2O) and nitrogen (N_2) gases to be emitted from the exhaust





To allow treatment of nitrogen oxides (NOx) emissions, PEUGEOT passenger cars powered by BlueHDi engine technology are fitted with a separate AdBlue® tank to hold the solution. In most instances this tank is around 17 litres in size . AdBlue® like fuel and screenwash is treated as a consumable and must be kept regularly topped up. Various factors can affect consumption of AdBlue® including but not limited to driving style, weight carried in the vehicle and environmental factors.

PEUGEOT Model	AdBlue® Tank Size	Tank Location	Top Up Required
208	15 litres	Passenger's side, under fuel filler cap	Around 5,600 miles

Topping Up AdBlue®

To prevent your PEUGEOT running out of the AdBlue® additive the car is fitted with a low level detection facility, just as would be the case with fuel. A series of notifications are available but where the AdBlue® range exceeds 1,500 miles (2,400 km) , no information range is automatically displayed.

- Remaining range between 1,500 and 500 miles (2,400 and 800 km): When switching on the ignition, the orange warning lamp (as shown on the left) comes on for about thirty seconds, accompanied by the display of a message ("Top up AdBlue: Starting prevented in x miles/km") indicating the remaining range expressed in miles or kilometres. The reserve level has been reached; it is recommended that you top up as soon as possible
- Remaining range between 500 and 62 miles (800 and 100 km): When switching on the ignition, this warning lamp comes on, accompanied by an audible signal (1 beep) and the display of a message (e.g. "Top up AdBlue: Starting impossible in x miles") indicating the remaining range expressed in miles or kilometres. When driving, the audible signal and the message display are triggered every 62 miles (100 km) until the level is topped up. It is essential to top up as soon as possible and before the tank is completely empty; otherwise it will not be possible to restart the engine after the next stop
- Remaining range less than 62 miles (100 km): When driving, the audible signal and the message display are triggered every 6 miles (10 km) until the AdBlue tank is topped up. It is essential to top up as soon as possible and before the tank is completely empty; otherwise it will not be possible to restart the engine after the next stop.

Important Points

- If your vehicle's AdBlue® tank is completely empty – which is confirmed by the alert messages and the impossibility of starting the engine - you must add at least 5 litres of AdBlue® solution
- Never pour AdBlue® into the Diesel fuel tank
- If any AdBlue® is splashed, or if there are any spillages on the side of the body, rinse immediately with cold water or wipe with a damp cloth
- If the fluid has crystallised, clean it off using a sponge and hot water
- Keep AdBlue® out of the reach of children, in its original container
- Never store AdBlue® containers in your vehicle
- Use only AdBlue® fluid that meets the ISO 22241 standard
- Never transfer AdBlue® to another container: it would lose its purity
- Never dilute AdBlue® with water
- Important: in the event of a top-up after an AdBlue® breakdown, you must wait about five minutes before switching on the ignition, without opening the driver's door, unlocking the vehicle or bringing the electronic key into the passenger compartment.

PEUGEOT offer two levels of Service Contract:

PEUGEOT Service Plans

What's included:

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan
- We offer PEUGEOT Service Plans for up to five years with many mileage options
- One-off up front or monthly direct debit payment options available
- All packages are affordable and inflation proof, which means they will remain at a fixed cost for the duration of the plan.

Monthly price examples*:

36 Months / 30,000 Miles	48 Months / 40,000 Miles	60 Months / 50,000 Miles
£12.53 per month	£16.13 per month	£16.74 per month

* Price examples based on an annual mileage of 10,000 per annum

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Dealer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

Extended Peugeot Assistance*

What's included: Extension of your PEUGEOT Assistance Cover

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years
- Cover includes:
    - PEUGEOT Assistance from Home
    - PEUGEOT Roadside Assistance
    - PEUGEOT Recovery
    - PEUGEOT Onward Travel
    - PEUGEOT European Cover

* Excludes non-vehicle induced faults

To find out about extending your Peugeot Assistance cover, call 0800 294 0294

VAT is not applicable to cars sold in the Channel Islands

PEUGEOT 3 Years of Warranty

All vehicles first registered in the UK and purchased from a UK PEUGEOT Dealer benefit from a PEUGEOT 2 year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Dealer Network in the UK.

PEUGEOT Assistance

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at www.peugeot.co.uk

Terms and Conditions

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.
