Model shown is all-new PEUGEOT 508 SW First Edition displaying the standard fitment Night Vision system. Please note dashboard ambient lighting not to UK specification.

PEUGEOT i-Cockpit®

PEUGEOT i-Cockpit®:

Since launching in 2012, PEUGEOT i-Cockpit® has re-written the rule book for car interior architecture. The PEUGEOT i-Cockpit® philosophy centres around a driving environment that puts you in control, allowing a greater connection to the road. For all -new PEUGEOT 508 SW, the PEUGEOT i-Cockpit® brings driving resolutely into the digital age.

The PEUGEOT i-Cockpit®, comprises of the following key features:

Configurable 12.3" head-up digital instrument panel:

Available as standard across the all-new PEUGEOT 508 SW range, this 12.3" TFT 100% digital screen can be customised to suit the driver's needs. As the panel is positioned higher, it is closer to the road and is more within the driver's field of vision. This can increase safety when compared to a conventional setup where the dials sit within the wheel, further from the road.

The crisp and colourful graphics within the instrument panel can be adapted to give a variety of display modes including:

- **'Dials'** mode, a classic view to replicate the analogue set-up of most modern cars.
- **'Navigation'** mode turns the dials on their sides to a 'roller' format, 3D navigation with instructions fill the centre of the display.
- **'Driving'** mode with 'roller' format dials and driver assistance information including Lane Keeping Assistance (LKA) and ACC Stop.
- **'Night Vision'** as standard on First Edition models, the night vision display is relayed through the digital instrument panel and framed by 'roller' format dials.

In addition to the above a 'Personal' mode can also be configured to allow the driver to see the exact information they require, for optimum comfort.

Compact multi-function steering wheel:

At PEUGEOT we have quite literally reinvented the wheel. Compact dimensions coupled with a re-designed shape enhance every journey in all-new PEUGEOT 508 SW. Out on the road the compact dimensions increase the visibility of the cars instruments whilst in the corners it provides heightened responses and improved agility. When it comes to round town or navigating car parks its compact dimensions make light work of wheel winding to manoeuvre into a space. In terms of finish all models are trimmed with Mistral full-grain leather with stitch detail. Sports models benefit further from Alkinitie stitching, perforation detail and a satin chrome model designation badge.

10.0" high definition (HD) capacitive touchscreen (Standard from Allure):

With crystal clear graphics, the 10.0" capacitive touchscreen houses several key technological features on the all-new PEUGEOT 508 SW. Capacitive technology helps to give Smartphone levels of responsiveness whilst multi-touch technology brings greater levels of functionality. In-keeping with the PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.

For greater accessibility the touchscreen is accompanied by stylish satin chrome piano key toggle switches, these enable direct access to the wealth of functionality available.

- **Mirror Screen®:** (Apple CarPlay™ Android Auto and Mirrorlink®)
- **Connected 3D Navigation:** includes TomTom® Live updates

Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.

'Night Vision' Mode (First Edition models)

'Driving' Mode

'Navigation' Mode

'Dials' Mode (GT Line / GT Models)

PEUGEOT i-Cockpit®

PEUGEOT i-Cockpit® Amplify

PEUGEOT i-Cockpit® Amplify: (Standard from GT Line onwards)

To delight the senses further, all-new PEUGEOT 508 SW First Edition versions feature PEUGEOT i-Cockpit® Amplify. Through the adaptation of key settings, the following two distinctive experiences can be had on board all-new PEUGEOT 508:

- **'Boost':** for a more dynamic experience
- **'Relax':** for a more serene experience

PEUGEOT i-Cockpit® Amplify awakens the senses in the following ways:

- **Sight:** Changes to lighting in the head-up digital instrument panel and touchscreen, dependent on ambience.
- **Sound:** Amplification of engine sound (through speakers) to stimulate the experience onboard.
- **Touch:** For the ultimate in relaxation, enjoy a multipoint driver seat massage with five programmable modes to suit all tastes (standard on First Edition models)
- In addition the 'Boost' ambience in conjunction with the Driver Sport Pack sharpens throttle response, steering weighting and gear changes (automatic transmission only). Dynamic data is also displayed in the Configurable 12.3" head-up digital instrument panel.

Red 'Dials' Theme (Linked to 'Boost' Function)

Electric Impulse Automatic Gearbox Control

Electric Impulse Automatic Gearbox Control: (Standard on auto versions)

Linked to the Efficient 8-Speed Automatic Transmission (EAT8) with Quickshift Technology. This stylish gearbox control with its ergonomic design complements the PEUGEOT i-Cockpit®. Trimmed with full-grain leather, satin chrome and piano black materials, this compact gearbox control even helps to free up space within the cabin.

Operation is intuitive and smooth, for the more exuberant driver a manual driving mode is also available, changes can be performed seamlessly via the steering column mounted paddles.

'Carbon' Effect Dashboard and Door Panel Trim

Compact Multi-Function Steering Wheel

10.0" High Definition (HD) Capacitive Touchscreen and 'Piano Key' Toggle Switches

Seating

Front Seating: The front seats on all-new PEUGEOT 508 SW have been developed to provide heightened sensations of comfort and support, enlivened with a touch of sportiness.

This brief has resulted in seating that will make every journey, no matter the distance, an absolute pleasure. Front seats benefit from the following features on all First Edition models:

- Electric multi-way adjustment: (height, longitudinal, seat back angle and seat cushion angle).
- Heating function: with 3 pre set temperatures, (includes heating elements in the seat base and back rest),
- Multi-point massage function: with eight-pocket pneumatic technology to provide a luxurious massage, with five different massage types.
- Driver seat memory: memorises driver seat and door mirrors positions for up to two people.
- Electric lumbar adjustment: offers optimum back support for driver and front passenger.
- Adjustable cushion nose: adds greater depth to the front seat bases, providing extra support to the backs of front seat occupants legs.

AGR Approval (Aktion für Gesunder Rücken):

As a result of the above specification, every all-new 508 SW features front seats (driver only on Active) that comply with the AGR association's 'Actions for a Healthy Back' initiative., as all models comply with the fitment of the following features as a minimum:

- Adjustable seat cushion nose (mechanical) - Adjustable seat angle (electric) - Four-way adjustable lumbar support (electric pneumatic) (driver only)
