PEUGEOT

Model shown is PEUGEOT 5008 SUV GT Line with optional pearlescent paint, and panoramic opening glass roof .

PEUGEOT 5008 SUV models come with the following equipment as standard:

Safety and Security

- ABS (Anti-lock Braking System) with REF (Electronic Braking Distribution) and AFU (Emergency Braking Assistance)
- Airbags
  - Adaptive driver and front passenger airbags (includes passenger airbag deactivation function)
  - Driver and front passenger side airbags
  - Front and rear curtain airbags
- Alarm (perimetric, volumetric with lift and tilt sensor on 2.0L BlueHDi versions)
- Automatic door locking when moving off
- Automatic hazard light activation upon heavy brake application
- CDS (Dynamic Stability Control) and ASR (Electronic Anti-skid System)
- Child locking functionality on rear windows and doors
- DAA1 (Driver attention alert system)
- Electronic code immobiliser
- Exterior temperature indicator with ice warning
- Front optimised safety headrests and rear retractable headrests (x3), height-adjustable.
- Front three-point retractable seatbelts, height-adjustable, with pre-tensioners and force limiters
- Front ventilated disc brakes, rear disc brakes
- Gear Shift Indicator
- Headlights left on audible warning
- Isofix child seat fittings (x3) in the second row rear seats
- Programmable cruise control and speed limiter
- Rear three-point retractable seatbelts (x3), with pre-tensioners and force limiters in the outer rear seats
- Seatbelt not fastened audible and visual alert for front seats
- Seatbelt unfastened on the move audible and visual alert for front and rear seats
- Speed limit recognition and recommendation
- Steel space saver spare wheel (tyre repair kit on 2.0L BlueHDI versions)

Comfort and Convenience

- Central front armrest with butterfly-wing opening and storage compartment
- Electric and heated door mirrors
- Electric parking brake (includes hill assist)
- Electric power steering with reach- and rake-adjustable steering column
- Front central console with two cup-holders
- Front interior light with reading spotlights (x2) and rear interior lights with timer
- Front windscreen wiper with "Magic Wash" cleaning system
- Grab handles (x4), retractable with damping
- Heated rear windscreen with integrated antenna
- Illuminated glove box
- Map pockets on front seat backs
- Mechanical height-adjustable driver's seatfixing
- Multifunction trip computer
- New PEUGEOT i-Cockpit®:
  - Configurable 12.3" head-up digital instrument panel
  - 8.0" capacitive touchscreen
  - Compact multi-function steering wheel
- One-touch electric front and rear windows with pinch protection
- Rear ventilation system
- Rear coat hooks (x2)
- Rear windscreen wiper triggered automatically in reverse gear
- Remote central locking (two remotes)
- Retractable parcel shelf
- Third row seats (Can be stored under bootfloor or removed completely)
- 7 independent seats

Interior Features

- Blue ambient lighting for connecting zone
- 'Brumeo' fabric trimmed door armrests
- Dashboard, front and rear door panels finish - carbon effect
- Flocked glove box interior
- Gear lever - automatic in satin chrome
- Gear lever - manual in satin chrome (6 speed gearbox)
- Roof lining - light grey
- Satin chrome dashboard trim
- Satin chrome digital instrument panel and touch screen trim
- Satin chrome interior door handles
- Satin chrome 'Scorpion's Tail' and toggle switch trim

In Car Entertainment

- Bluetooth® telephone facility
- USB socket
- 6-speaker radio, MP3 compatible
- 12 V sockets (x3) (dashboard, rear cabin and load area)

Exterior Features

- Body-colour exterior door handles
- Body-colour rear spoiler
- Body protectors (bottom of front and rear bumpers + wheel arches + protection at bottom of doors) in black
- Chrome rear bumper scuff plate
- Door mirror shells: body colour
- Front wing trim: black
- Gloss black B and C pillar and aerodynamic deflector trim
- Gloss black strip rear cluster connecting strip
- Gloss black windscreen trim
- Radiator grille: chrome edge trim and horizontal slats
- Roof - body colour
- Side window trim: black rubber
- Stainless steel roof arch trim

Exterior Lighting and Visibility

- Halogen headlights
- LED daytime running lights built into the headlight unit
- LED side indicator lights integrated into door mirrors
- Rear number plate lights (x2)
- Rear LED PEUGEOT signature 'Claw Effect' lights (with daylight function)

Model shown is PEUGEOT 5008 SUV GT Line with optional pearlescent white paint, optional panoramic opening glass roof and standard door mirror mounted LED 'PEUGEOT Lion' approach lights

Standard Equipment by Version

Optional roofbars

ACTIVE With the perfect balance of character and strength, Active is the perfect place to start your journey

Safety and Security

- Lane departure warning system
- Safety pack
  - V-AEB (Automatic Emergency Braking System)
  - Distance alert system

Comfort and Convenience

- Automatic dual-zone climate control
- Interior lighting (roof, storage spaces, load area)
- Parking sensors - rear
- Reading spotlights (x2), in row 3

Interior Features

- Blue ambient lighting to head-up instrument panel
- Mistral full-grain leather steering wheel with stitch detail
- Seating
  - Height adjustable driver and front passenger seat
  - Mistral 'Meco' cloth seat trim
- Row 2 underfloor storage compartments (strengthened compartment lids compatible with Isofix base legs)

In Car Entertainment

- DAB radio (Digital Audio Broadcasting)
- Mirror Screen®:
  - MirrorLink®
  - Apple CarPlay™
  - Android Auto

Exterior Features

- Chrome front fog light trim
- 17" 'Chicago' alloy wheels

Exterior Lighting and Visibility

- Halogen fog lights
- Visibility pack
  - Automatic headlights
  - Automatic windscreen wipers
  - Electrochrome rear view mirror (auto dimming)
  - 'Follow me home' headlamps

ALLURE With added style and specification, enjoy the ultimate in understated luxury

Active specification +

Safety and Security

- PEUGEOT Connect SOS and Assistance
- Safety plus pack
  - ABSD (Active Blind Spot Detection)
  - LKA (Active Lane Keeping Assistance)
  - DAA3 (Advanced Driver Attention Alert)
  - PEUGEOT Smartbeam Assistance

Comfort and Convenience

- Dark tinted rear side and tailgate windows
- Illuminated vanity mirrors
- Parking sensors - front and rear
- Power folding door mirrors with blind spot detection indicator and auto dipping function in reverse gear
- 180° colour reversing camera

Interior Features

- Blue ambient lighting to front door panels, central storage and cupholders
- Dashboard, front and rear door panel finish: 'Brumeo' fabric
- Satin chrome front door panel recess trim
- Seating
  - Driver seat lumbar adjustment
  - Foldable front passenger seat with picnic table
  - Mistral 'Piedimonte' leather effect and cloth seat trim

In Car Entertainment

- Connected 3D Navigation*
  - Automatic connection via PEUGEOT Connect
  - TomTom® Live updates (3 year subscription)^
  - SpeedCam / Danger Zones paid subscription available at extra cost (please refer to options page for pricing)
- Voice recognition (radio, navigation and telephony features)

Exterior Features

- Aluminium longitudinal roof bars
- Front bumper scuff plate in Lion Grey
- Front wing trim: black with chrome detail
- 18" 'Detroit' diamond cut alloy wheels

Exterior Lighting and Visibility

- Door mirror mounted LED courtesy approach lights

  - Driver and front passenger seat adjustable cushion nose
  - Nappa Mistral full grain leather seat trim with Aikinite double stitch detail

In Car Entertainment

- FOCAL® premium HIFI speaker system

Exterior Features

- 'GT' emblems in satin copper (front wings and tailgate)
- Wheel arch extensions

PEUGEOT 5008 SUV Range: Awards

PEUGEOT PureTech: The Multi Award Winner.....

For the fourth year running (2015, 2016, 2017, 2018), PureTech petrol engine technology has been awarded the hugely impressive accolade of 'International Engine of the Year ' for the 1.0l -1.4l category with a panel of 65 industry experts from 31 countries coming to the unanimous decision.

"The PureTech petrol engine from PSA is a revelation in terms of refinement, performance and efficiency," stated German journalist Thomas Imhof.

PEUGEOT Wins Again in the Company Car Today CCT100 Awards

PEUGEOT 5008 SUV wins 'SUV of the Year' in the 2019 Company Car Today CCT100 Awards for the second year running

Commenting on the 5008 SUV award, Company Car Today Editor, Paul Barker, said, "The 5008 SUV does a great job of combining style and practicality with the sensible elements that make a great business car, such as impressively low emissions figures that lead to low running costs. It's a fine illustration of how far the PEUGEOT brand has moved with its latest products, and very worthy in retaining the CCT100 SUV of the Year title."

PEUGEOT 5008 SUV Scoops the WHAT CAR? Best Large SUV Award for the Second Year Running

The What Car? team of judges praised the 5008 SUV for its high build quality and use of premium materials including soft touc h fabrics. Judges were also left impressed by PEUGEOT's innovative i-Cockpit® and advanced driver assistance systems, along with low running costs from the award winning 1.2L PureTech petrol engine.

Steve Huntingford, Editor of What Car?, said: "The PEUGEOT 5008 SUV matches the quality and technology found in much more expensive SUVs, yet is cheaper to run, more practical and at least as stylish. It deserves to be the go-to choice for larger families."

CO2 figures and OTR pricing shown above are for a standard vehicle without any additional optional equipment. CO2 and fuel economy figures and OTR pricing may vary according to wheel fitment and optional extras fitted.

The fuel consumption you achieve, and CO2 produced, in real world conditions will depend upon a number of factors including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP*) used to measure fuel consumption and CO2 figures. The CO2 figures shown are NEDC equivalent, calculated using an EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration. CO2 and fuel economy figures may vary according to wheel fitment and optional extras fitted.
Figures shown are for comparability purposes; you should only compare fuel consumption and CO2 figures with other vehicles tested using the same technical standard.

*WLTP - Worldwide harmonized Light vehicles Test Procedure. **NEDCeq - New European Driving Cycle.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

Intelligent Storage Solutions

Intelligent Storage Solutions: (Standard on all versions)

PEUGEOT 5008 SUV has been carefully designed to offer useful storage solutions to accommodate all of the items needed for daily life, plus a bit more for good measure. With nearly 30 litres of storage on offer, areas include:

Front Centre Storage Compartment: Offering a wealth of space under the 'butterfly' opening armrest, this compartment is deep enough to accommodate a host of items associated with family life.

Front Door Pockets: Offering 3.5 litres of storage each, these can also accommodate 1.5 litre bottles. To minimise noise from stored items, GT Line and GT models feature flock lined front door pockets.

In addition all versions feature map pockets on front seat backs, rear door pockets both offering 2.2 litres of storage, 4 x cup-holders, dedicated handbook storage under the front passenger seat as well as storage in the front centre console (version dependent).

Flat Folding Seats

Flat Folding Seats:

With a choice of configuration options available, PEUGEOT 5008 SUV can be adapted to suit your lifestyle. With both rear seats lowered boot space starts at 952 litres (to the parcel shelf), this increases to an impressive 2,150 litres with the middle row seats lowered, loading to the roof, using the underfloor storage.

For further modularity, at the single pull of a handle (located at the seat base) the front passenger seat folds completely flat. In doing so this increases the loading length to three metres, perfect for transporting lengthy items like a Christmas tree. When folded flat the front passenger seat back also serves as a useful picnic table.(Standard from Allure upwards).

'Magic Wash' System

'Magic Wash' System: (Standard on all versions)

Mounted in the front windscreen wipers, PEUGEOT 5008 SUV models benefit from our innovative windscreen wash system, designed to more effectively distribute water and reduce wastage. Using nozzles located above the wiper blades, fluid is distributed as the wiper sweeps the windscreen. This avoids the 'temporary blindness' of more conventional bonnet mounted systems between fluid release and wiper sweeping, improving visibility.

Front Wipers With Integrated Washers

Seating

Seating:

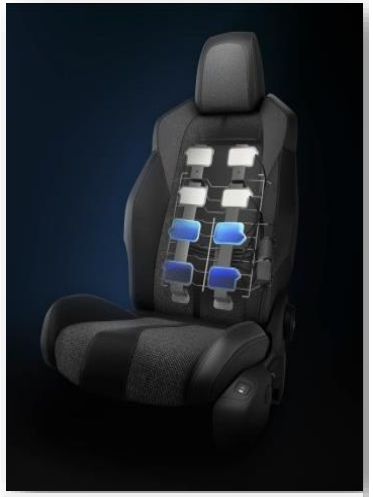
Front Seating: The front seats on PEUGEOT 5008 SUV have been developed to provide heightened sensations of comfort and support, enlivened with a touch of sportiness.
This brief has resulted in seating that will make every journey, no matter the distance, an absolute pleasure. Front seats benefit from the following features (according to trim level):

- Electric multi-way adjustment: (height, longitudinal, seat back angle and seat cushion angle). Standard on GT models, optional from Allure. Due to the additional parts required an electric seat naturally sits higher than a manual seat. As such head room may be reduced.
- Heating function: with 3 pre set temperatures, (includes heating elements in the seat base and back rest), Standard from GT Line Premium, optional from Allure.
- Multi-point massage function: for driver, with eight-pocket pneumatic technology to provide a luxurious massage, with five different massage types. Standard from GT Line Premium, optional from Allure.
- Driver seat memory: memorises driver seat and door mirrors positions for up to two people. Standard on GT, optional from Allure.
- Nappa Mistral full grain leather trim with Aikinite double stitch detail: high grade, soft leather trim with intricate copper stitching. Standard on GT, optional from GT Line. For added comfort, the leather trim has increased cushioning, as such head room may be slightly reduced.

AGR Approval (Aktion für Gesunder Rücken):

In addition to the specification above PEUGEOT 5008 SUV features or can be specified with seats that comply with the AGR association's 'Actions for a Healthy Back' initiative. As standard on GT models and optional from Allure, PEUGEOT 5008 SUV features the following:

- Adjustable seat nose (mechanical)
- Adjustable seat angle (electric)
- Four-way adjustable lumbar support (electric pneumatic) (driver only)



Eight Pocket Multi-point Massage Function

7 Individual Seats

7 Individual Seats: (Standard on all versions)

Seating: Featuring 7 independent seats covered by 3 point seatbelts, PEUGEOT 5008 SUV features outstanding levels of modulari ty as standard

Row 1: In row 1, occupants benefit from a commanding view of the road ahead with height adjustable seating complemented by a front centre armrest for optimal comfort.

Row 2: In row 2, occupants benefit from individual seating with each seat housing Isofix mounting points and top tether points loc ated on the back rests. Occupants also benefit from longitudinal seat adjustment, back rest recline functionality and for optimum comfort, tray tables and window blinds are fitted as standard from Allure level upwards.

Row 3: In row 3, occupants benefit from individual seating with outer fixed armrest and cup holder on the right side facia panel. Row 3 seats can be raised and lowered in a very simple operation and fold away flat under the boot floor when not required, to increase space further the seats in row 3 can be removed altogether, freeing up an additional 108 litres of storage beneath t he boot floor. Removal is quick and easy, with each seat weighing just 11kg.

New PEUGEOT i-Cockpit®

New PEUGEOT i-Cockpit®:

Since launching in 2012, PEUGEOT i-Cockpit® has re-written the rule book for car interior architecture. The PEUGEOT i-Cockpit® philosophy centres around a driving environment that puts you in control, allowing a greater connection to the road. For PEUGEOT 5008 SUV, the new PEUGEOT i-Cockpit® brings driving resolutely into the digital age.

The new PEUGEOT i-Cockpit®, comprises of the following key features:

Configurable 12.3" head-up digital instrument panel:

Available as standard across PEUGEOT 5008 SUV range, this 12.3" TFT 100% digital screen can be customised to suit the driver's needs. As the panel is positioned higher, it is closer to the road and is more within the driver's field of vision. This can increase safety when compared to a conventional setup where the dials sit within the wheel, further from the road.

The crisp and colourful graphics within the instrument panel can be adapted to give a variety of display modes including:

- **'Dials'** mode, a classic view to replicate the analogue setup of most modern cars.
- **'Navigation'** mode turns the dials on their sides to a 'roller' format, 3D navigation with instructions fill the centre of the display.
- **'Driving'** mode with 'roller' format dials and driver assistance information including Lane Keeping Assistance (LKA) and ACC Stop.

In addition to the above a 'Personal' mode can also be configured to allow the driver to see the exact information they require, for optimum comfort.

Compact multi-function steering wheel:

At PEUGEOT we have quite literally reinvented the wheel. Compact dimensions coupled with a re - designed shape enhance every journey in PEUGEOT 5008 SUV. Out on the road the compact dimensions increase the visibility of the cars instruments whilst in the corners it provides heightened responses and improved agility.
When it comes to round town or navigating car parks its compact dimensions make light work of wheel winding to manoeuvre into a space. In terms of finish all models are trimmed with Mistral full-grain leather with stitch detail. Sports models benefit further from Aikinite stitching, perforation detail and a satin chrome model designation badge.

8.0" capacitive touchscreen:

With crystal clear graphics, the 8.0" capacitive touchscreen houses several key technological features on the PEUGEOT 5008 SUV. Capacitive technology helps to give Smartphone levels of responsiveness whilst multi-touch technology brings greater levels of functionality. In keeping with the PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.

For greater accessibility the touchscreen is accompanied by stylish satin chrome piano key toggle switches, these enable direct access to the wealth of functionality available.
Features accessed via the touchscreen include:

- Automatic dual zone climate control (all versions)
- DAB Radio (Digital Audio Broadcasting) (all versions)
- Mirror Screen®: (Apple CarPlay™, Android Auto and MirrorLink®) (all versions)
- Connected 3D navigation: includes TomTom® Live updates (Allure versions and above)

'Dials' Mode (Active / Allure models)

'Driving' Mode

'Navigation' Mode

'Dials' Mode (GT Line / GT Models)

New PEUGEOT i-Cockpit®

Driver Sport Pack

Driver Sport Pack: (Standard from GT Line onwards)

To delight the senses further, PEUGEOT 5008 SUV GT Line, GT Line Premium and GT versions feature Driver Sport Pack.

- Driver Sport Pack sharpens throttle response, steering weighting and gear changes (automatic transmission only). Dynamic data is also displayed in the Configurable 12.3" head-up digital instrument panel.
- Lighting in the head-up digital instrument panel changes to a red dials theme.

Red 'Dials' Theme

Electric Impulse Automatic Gearbox Control

Electric Impulse Automatic Gearbox Control: (Standard on auto versions)

Linked to the Efficient Automatic Transmission (EAT8) with Quickshift Technology. This stylish gearbox control with its ergonomic design complements the new PEUGEOT i-Cockpit®. Trimmed with full-grain leather, satin chrome and piano black materials, this compact gearbox control even helps to free up space within the cabin.

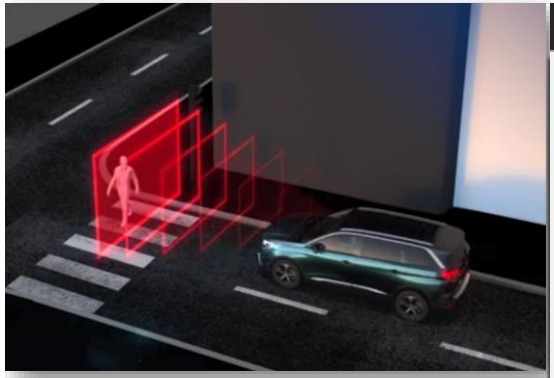
Operation is intuitive and smooth, for the more exuberant driver a manual driving mode is also available, a simple press of the 'M' button located on the control gives full access to the steering column mounted paddles.

Compact Multi-Function Steering Wheel

8.0" Capacitive Touchscreen

Piano Key Toggle Switches

Steering Column Paddles and Electric Impulse Control



Automatic Emergency Braking System (V-AEB)

Automatic Emergency Braking System (V-AEB): (Standard on all versions)

An intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle's speed. The system is triggered if the driver does not react quickly enough, by activating the vehicle's brakes.
A multifunction camera located at the top of the windscreen can detect obstructions on the road. The system is able to detect vehicles that are moving in the same direction, stationary vehicles and pedestrians in the road.

Distance Alert System: (Standard on all versions)

Working in conjunction with V-AEB, the distance alert function warns the driver if the vehicle risks a collision with the vehicle in front or a pedestrian in the road. Two levels of warning are available, the first 'Amber' warning provides a visual alert to the potential risk. In a more a severe instance a 'Red' visual and audible alert indicate a collision is imminent and driver action is required, failure to act triggers the emergency braking, a standard feature for every PEUGEOT 5008 SUV, for added peace of mind.

Lane Keeping Technologies

Lane Keeping Technologies:

Linked to the Safety Plus Pack, PEUGEOT 5008 SUV is always one step ahead. Featuring two lane keeping technologies, the vehicle is able to identify lines on the road via a windscreen mounted camera. The technologies are as follows:

Lane Departure Warning: (standard on Active models) a system that monitors continuous and discontinuous lines and warns the driver if a longitudinal lane marking on the ground is accidentally crossed. If steering deviation is detected, you are alerted by a flashing indicator on the digital instrument panel and an audible signal in the cabin.

Active Lane Keeping Assistance: (standard from Allure onwards) in addition to visually and audibly alerting the driver, PEUGEOT 5008 SUV also features LKA. As soon as the system identifies a risk of accidentally crossing one of the marking lines detected on the ground, the steering is gradually corrected to keep the vehicle in lane, at speeds of over 40mph.

Driver Attention Alert

Driver Attention Alert:

Linked to the Safety Plus Pack, to help you stay sharp and alert behind the wheel, PEUGEOT 5008 SUV features a two stage driver alert system for added safety on the road, comprising:

Driver Attention Alert 1 (DAA1): (standard on Active models) it is important to take frequent breaks when travelling over long distances, to better guarantee your safety and the safety of those around you. PEUGEOT 5008 SUV feature a timed alert system that operates at speeds in excess of 40mph, after two hours of driving a message is displayed recommending that you take a break.

Driver Attention Alert 3 (DAA3): (standard from Allure onwards) controlled by a camera at the top of the windscreen designed to analyse the vehicles trajectory, this active system evaluates the vigilance of the driver at speeds of over 40mph.

By identifying deviations relative to the road markings PEUGEOT 5008 SUV is able to determine whether the vehicle's behaviour reflects a certain degree of driver drowsiness or inattention. If it is felt that the driver needs to take better care on the road a visual and audible alert will occur. If more than three instances occur, the driver will be advised to take a break.

Active Blind Spot Detection (ABSD)

Active Blind Spot Detection (ABSD): (Standard from Allure onwards)

Linked to the Safety Plus Pack, now you can enjoy the feeling of having eyes in the back of your head. Using lateral ultrasound sensors to cover areas out of your field of vision along with the windscreen mounted camera, an LED illuminates in either side door mirror to alert to the presence of a car, lorry, motorbike or bicycle in your blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle. This intelligent feature operates from speeds as low as 8mph right up to the National Speed Limit.

In addition ABSD also features a trajectory correction system in partnership with Active Lane Keeping Assistance. The trajectory correction is applied to the steering if a line is crossed even when the turn indicator is enabled, to try and avoid a collision with an obstacle not detected by the driver.

Adaptive Cruise Control with Stop Function (ACC Stop)

Adaptive Cruise Control with Stop (ACC Stop): (Standard on GT models)

Cruise control as you know it, will never be the same again with PEUGEOT 5008 SUV and EAT8 automatic gearbox technology*. Controlled via a radar mounted at the front of the vehicle with a range of up to 150 metres, the ACC Stop system provides two key functions:

- Automatic maintenance of the vehicles speed, at the value set by the driver.
- Automatic maintenance of a set distance between PEUGEOT 5008 SUV and the vehicle in front, slowing the vehicle to a stop if required.

The system detects a vehicle driving in front in the same direction and can automatically adapt the vehicle's speed to that of the vehicle in front. This occurs using engine braking and the braking system (in which case the brake lights are lit) to maintain a constant distance .

If the vehicle in front has slowed to a stop, PEUGEOT 5008 SUV will also be brought to a stop by the ACC Stop system, if after this no response is received from the driver, the electric parking brake is automatically applied.

This intelligent function is available at speeds of 18mph upwards.

Speed Limit Recognition

Speed Limit Recognition and Recommendation: (Standard on all versions)

Using the windscreen mounted camera, PEUGEOT 5008 SUV features speed limit sign recognition, leaving you in no doubt over the speed limit. Upon detecting a speed limit sign this information is read by the camera and displayed in colour on the 12.3" head-up digital instrument panel.

In addition to been made aware of the speed the driver also has the option to adapt their speed to the speed limit on the particular road via the vehicles cruise control stalk. The vehicle will then adjust its speed accordingly.

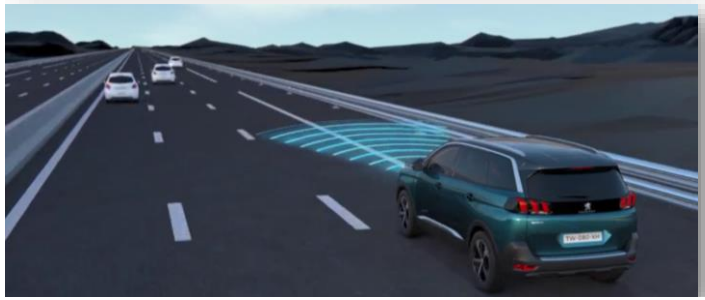
This intelligent feature can be found as standard across the PEUGEOT 5008 SUV range.

PEUGEOT Smartbeam Assistance

PEUGEOT Smartbeam Assistance: (Standard from Allure onwards)

Linked to the Safety Plus Pack, PEUGEOT Smartbeam Assistance gives you one less thing to think about when driving at night. Controlled via a windscreen mounted camera, the system continuously analyses driving conditions, for instance the proximity of other vehicles.

PEUGEOT Smartbeam Assistance automatically switches headlamps to full beam when conditions allow, allowing you to tap into the full potential of the full LED headlamps* that offer uniform lighting to reduce eye fatigue, increasing driver comfort.
* Standard on PEUGEOT 5008 SUV GT Line and GT models



PEUGEOT Connect SOS and Assistance

PEUGEOT Connect SOS & Assistance: (Standard from Allure onwards)

A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically (if pyrotechnic devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

PEUGEOT are the pioneers of this technology, since launching in 2003 PEUGEOT Connect SOS & Assistance has assisted over 7,000 individuals. The system is subscription free with no additional charges and uses a GPS module and SIM card (built in to the system).

Innovative Technology

Connected 3D Navigation*

Connected 3D Navigation*: (Standard from Allure onwards)

Linked to the 8.0" capacitive touchscreen, the system includes European mapping, 3D city mapping and voice recognition (for radio, navigation and telephone functions).

The system also includes a 3 year subscription^ to PEUGEOT Connect allowing an automatic, permanent connection to online navigation services (in partnership with TomTom®). Key features of PEUGEOT Connect include:

- **TomTom® Traffic:** Real-time updates on traffic conditions (traffic jams, road works) and suggested alternative routes.
- **Local Weather:** Displays forecasted weather conditions along the route.
- **Fuel Stations:** Displays nearby fuel stations and pricing.
- **Local search:** Access address and contact detail information for a point of interest.

*Additional terms & conditions apply to connected services, including customer acceptance of location sharing prior to activation. ^Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: https://services-store.peugeot.co.uk/

Mirror Screen®

Mirror Screen®: (Standard on all versions)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 8.0" capacitive colour touch screen. Mirror Screen® uses the following systems, Apple CarPlay™, Android Auto and MirrorLink®*.

android auto Apple CarPlay MirrorLink

*Please consult peugeot.co.uk for a list of enabled Android phones - compatibility is based on the phone providers' original operating system. CarPlay® is compatible with iPhone 5/5c/5s, iPhone SE and IPhone 6/6 Plus/6s/6s Plus.

180° Colour Reversing Camera

180° Colour Reversing Camera: (Standard from Allure onwards)

A camera located on the rear of the vehicle is linked to the 8.0" capacitive touchscreen. Offering increased visibility when reversing, with a selection of views to choose from, you'll never look back:

- **Rear Grid View:** a clear view of obstructions to the rear of the vehicle coupled with grid lines oriented to the positioning of the steering wheel, offering perspective for distances of one and two metres respectively from the rear bumper.
- **180° View:** Divides the screen into three zones, offering a clear view of vehicles approaching from the side. Perfect for safely reversing out of parking spaces.
- **Overhead View:** the camera records the surroundings during a manoeuvre to reconstitute an overhead rear view of the vehicle in its immediate environment, making it easier to manoeuvre between surrounding obstacles.

Smartphone Charging Plate

Smartphone Charging Plate: (Standard from GT Line onwards)

Through the use of inductive charging technology a compatible device can be charged wirelessly whilst on the move.
Operation is simple: just place your compatible smartphone on the charging area, once detected, battery charging begins.
The device must be Qi-compatible, the very latest smartphones from Blackberry, Google, HTC, LG, Microsoft, Motorola, Samsung and Sony feature this technology built in with no additional add-on required.
Other devices including iPhone 5/5c/5s, iPhone SE and IPhone 6/6 Plus/6s/6s Plus will require an additional QInside Qi2001 accessory to access the wireless charging functionality.
For more information on this growing technology please visit the Qi website .

FOCAL® Premium HIFI Speaker System

FOCAL® Premium HIFI Speaker System: (Standard on GT, optional from Allure onwards)

Specialising in acoustics for 35 years and known throughout the world for their patented innovations and unique sound signature, PEUGEOT are proud to offer FOCAL® technology for the ultimate in car acoustic experience.
The system comes equipped with ten loudspeakers comprising the following:

- High-fidelity woofers/mediums featuring Polyglass technology ensuring a balanced, precise sound.
- TNF tweeters featuring aluminium inverted dome technology, offering optimum sound dispersion and crisp trebles.
- Subwoofer featuring Power Flower™ 200 mm triple-coil technology for defined, dynamic performance in the bass frequency.
- Active 12 channel/515 watt amplification for optimum sound quality.

Enjoy the perfect soundtrack on every journey with PEUGEOT 5008 SUV and FOCAL®.

Smart Electric Tailgate

Smart Electric Tailgate: (Standard from GT Line Premium onwards)

To make loading and unloading that little bit easier, PEUGEOT 5008 SUV with Smart electric tailgate technology can help take a load off your mind. Featuring a sensor located under the rear of the vehicle, a simple foot movement underneath the bumper is all that is required (vehicle key must be within range) to open and close the tailgate.
In addition the tailgate can be electrically operated using the rear handle, tailgate interior facia panel, dashboard and keyless entry enabled key fob.

PEUGEOT Open and Go: (Standard from GT Line Premium onwards)

In conjunction with the Smart electric tailgate option comes PEUGEOT Open and Go. Using sensors mounted in the front door handles, PEUGEOT 5008 SUV can be opened without removing the key from your pocket or bag, simply grab the handle and the vehicle will automatically unlock. Once inside a simple press of the stop start button is all that is required .

Panoramic Opening Glass Roof

Panoramic Opening Glass Roof: (Standard from GT Line Premium onwards)

Enjoy the world outside with PEUGEOT 5008 SUV. Divided into two glass panels that bathe the cabin in natural light, the panoramic opening glass roof enhances the appearance of this stylish SUV. For an added breath of fresh air the glass panel includes a tilt function and can be opened up to 16 inches.

An electric roller blind is also included, in either Salin light grey or Mistral black, dependent on level. To enhance the style even further, blue ambient lighting flanks the glass panel. Externally aluminium longitudinal roof bars are included.

Advanced Grip Control®

Advanced Grip Control®: (Optional on all versions, excludes GT Line Premium)

To allow you to take on a variety of weather and terrains, PEUGEOT 5008 SUV can be specified with Advanced Grip Control®, a s ystem designed to optimise traction in low-grip conditions. It adapts to the terrain by acting on the front wheels, in doing so this saves the weight normally associated wit h a more conventional four wheel drive system. Advanced Grip Control® offers the driver a choice of five driving modes, accessed via a rotary dial on the centre console. De signed to work in conjunction with all engines and transmissions, Advanced Grip Control® is optional across the PEUGEOT 5008 SUV range. In addition the system also incorporates a new Hill Assist Descent Control (HADC) for the first time, this optimises vehicle control on steep slopes.

ESP Off:

Enables the disconnecting of the dynamic stability control (ESP) and traction aids (ASR/Grip Control), up to 31mph (50 km/h) to give the driver complete autonomy. These systems are automatically reconnected above this speed for safety.

Advanced Grip Control® Rotary Dial

Normal Mode:

Calibrated system with a low, fixed level of wheel spin based on a compromise between the different types of grip generally encountered in normal day to day driving.

Snow Mode:

The system adapts to the grip conditions encountered by each wheel when starting. When advancing, the system optimises wheel spin to guarantee the best acceleration based on the available traction. Recommended in cases of deep snow and steep inclines.

Mud Mode:

This mode authorises a lot of wheel spin at start-up for the wheel with the least grip, this removes mud and re-establishes traction. Meanwhile, the wheel with the most grip is provided with the most torque possible.

Sand Mode:

This mode allows a small amount of simultaneous wheel spin on the two drive wheels, enabling the vehicle to advance and reduce the risk of sinking.

Advanced Grip Control® Driving Modes

Hill Assist Descent Control (HADC): (Optional on all versions, included with Advanced Grip Control®, excludes GT Line Premium)

Designed to assist with the descent of steep slopes, Hill Assist Descent Control is incorporated as part of the Advanced Grip Control® system. When descending a slope with a gradient of more than 5% and with vehicle speed below 19mph the system will work to reduce the risk of slipping. During a des cent the system maintains speed and brake control, allowing the driver to concentrate on the vehicles path of travel during the manoeuvre.

A clever feature incorporated within the Hill Assist Descent Control system is our unique 'Clutch Mode' security function. Se lecting this function for very steep slopes regulates the vehicle speed to 2mph (3km/h), this allows the vehicle to creep down a steep slope in a completely controlled manner.

Hill Assist Descent Control (HADC) System

Wheels and Tyres:

Advanced Grip Control® also incorporates a bespoke wheel option to work in conjunction with the systems technology. Models feature 18" 'Los Angeles' two tone diamond cut alloy wheels. For optimum performance we suggest teaming Advanced Grip Control® with specific Mud and Snow (M+S) tyres to help optimise traction on varied surfaces.

Model shown is PEUGEOT 5008 SUV with optional Advanced Grip Control® incorporating 18" 'Los Angeles' alloy wheels.

e-Bike (Folding Electric Bicycle EF01)

e-Bike (Folding Electric Bicycle EF01): (Accessory optional on all versions)

With over 31 million cars on the UK roads, space can sometimes be at a premium. Here at PEUGEOT we have gone that step further to provide a complete mobility solution to get you to your end destination. Developed in conjunction with Cycleurope (one of our historic partners for nearly 30 years), PEUGEOT presents e-Bike (EF01), a folding electric bike.

e-Bike is able to travel up to speeds of 12mph and can provide transportation for up to 18 miles. Recharging the e-Bike couldn't be easier, through the use of the bespoke dock station, e-Bike can be charged in 60 minutes whilst out on the road in PEUGEOT 5008 SUV. The e-Bike can also be recharged using a standard household plug socket.

The PEUGEOT Design Lab has developed an innovative solution,10 seconds and three movements are enough to fold or unfold the e-Bike. Once folded, the bicycle is easy to transport with its handle integrated into the frame and the two wheels aligned with the ground. The patented position memory seat lets you set your bike up with the ideal seat height after unfolding it.

Compact and Lightweight

e-Bike (EF01)

Full LED Headlights

Full LED Headlights: (Standard from GT Line onwards)

Full LED Headlights: Light Emitting Diode (LED) technology remains a rare feature in the car industry, with PEUGEOT 5008 SUV however this is not the case. Full LED headlights feature from GT Line, allowing you to enjoy the following benefits:

- LED technology consumes considerably less energy to produce light, 50% less than halogen and 35% less than xenon technologies.
- LED technology offers a whiter light for improved visibility at night, the light is also more similar to daylight, leading to reduced driver eye fatigue, improving safety.
- LED technology requires no warm up time with instantaneous lighting response when compared to conventional halogen technologies.
- LED technology will last for the life of the car, compared to halogen technology with much shorter life expectancy.
- LED technology offers a very striking visual signature that perfectly complements the sharp exterior design of PEUGEOT 5008 SUV.

For an additional dose of style, in conjunction with full LED headlights, PEUGEOT 5008 SUV features LED sequential scrolling front indicators, that glide outwards, along the top edge of the lamp cluster, when signalling.

To complement LED technology used in the headlights, PEUGEOT 5008 SUV models feature this technology in the door mirror mounted indicators and signature design rear LED PEUGEOT signature 'Claw Effect' lights (with daylight function). In addition GT Line and GT models feature LED fog lights and LED 'PEUGEOT Lion' approach lights that project onto the ground either the side of the vehicle.

Full LED Headlights and Fog lights

PEUGEOT Signature 'Claw Effect' lights (inspired by the iconic PEUGEOT 504 Coupe and Cabriolet)

The fuel consumption you achieve, and CO2 produced, in real world conditions will depend upon a number of factors: including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP*) used to measure fuel consumption and CO2 figures.
The CO2 figures shown are NEDC equivalent, calculated using EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration.
Figures shown are for comparability purposes; you should only compare fuel consumption and CO2 figures with other vehicles tested using the same technical standard.

*WLTP - Worldwide harmonized Light vehicles Test Procedure. **NEDC - New European Driving Cycle.
^ 'LOW': Low speed city driving, representative of city centre driving, maximum 35mph.
^^ 'MEDIUM': Medium speed town driving, representative of town or suburban driving, maximum 50mph.
^^^ 'HIGH': High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph.
^* 'EXTRA HIGH': Extra High speed motorway driving, representative of a typical European motorway, maximum 81mph.
^*^ 'COMBINED': A mixed journey average of all elements
Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

PEUGEOT 5008 SUV Range: AdBlue®

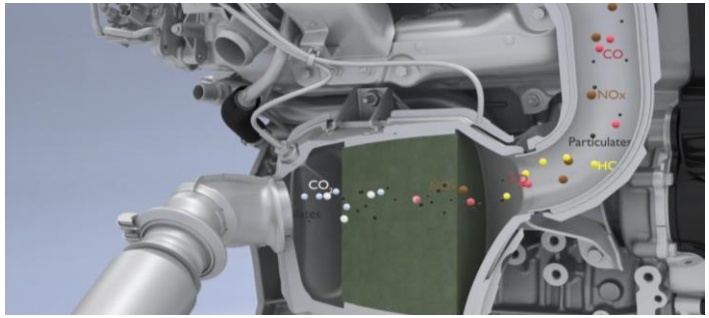
All PEUGEOT models equipped with BlueHDi engine technology are fitted with SCR technology (Selective Catalytic Reduction) and particulate filtration to treat exhaust gases.

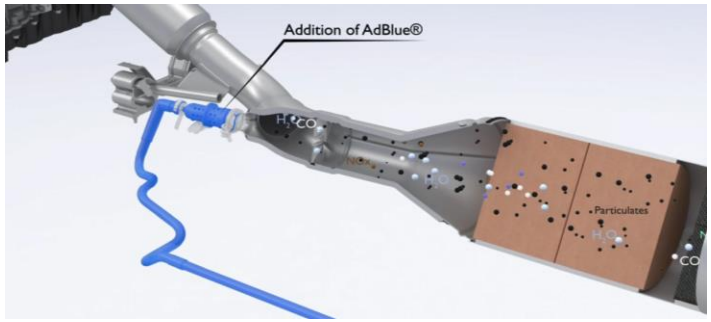
How Does the Process Work?

The process specifically targets the pollutants of diesel combustion, removing hydrocarbons and carbon monoxide, reducing nitrogen oxides by up to 90% and eliminating 99.9% of particulates.

This occurs during a three stage process:

- Stage One - the oxidation catalytic converter eliminates the hydrocarbons (HC) and the carbon monoxide (CO), transforming them into water (H_2O) and carbon dioxide (CO_2)
- Stage Two - the SCR (Selective Catalytic Reduction) transforms the nitrogen oxides (NOx) into water (H_2O) and nitrogen (N_2), which is the main constituent of air (78%), due to the addition of AdBlue® (mixture of urea and water)
- Stage Three - the Particulate Emission Filter eliminates 99.9% of the particulates by number, leaving just harmless water (H_2O) and nitrogen (N_2) gases to be emitted from the exhaust





To allow treatment of nitrogen oxides (NOx) emissions, PEUGEOT passenger cars powered by BlueHDi engine technology are fitted with a separate AdBlue® tank to hold the solution. In most instances this tank is around 17 litres in size . AdBlue® like fuel and screenwash is treated as a consumable and must be kept regularly topped up. Various factors can affect consumption of AdBlue® including but not limited to driving style, weight carried in the vehicle and environmental factors.

PEUGEOT Model	AdBlue® Tank Size	Tank Location	Top Up Required
5008 SUV	17 litres	Drivers side, under fuel filler cap	Around 3,500 miles / after 7 fuel fill-ups

Topping Up AdBlue®

To prevent your PEUGEOT running out of the AdBlue® additive the car is fitted with a low level detection facility, just as would be the case with fuel. A series of notifications are available but where the AdBlue® range exceeds 1,500 miles (2,400 km) , no information range is automatically displayed.

- Remaining range between 1,500 and 500 miles (2,400 and 800 km): When switching on the ignition, the orange warning lamp (as shown on the left) comes on for about thirty seconds, accompanied by the display of a message ("Top up AdBlue: Starting prevented in x miles/km") indicating the remaining range expressed in miles or kilometres. The reserve level has been reached; it is recommended that you top up as soon as possible

- Remaining range between 500 and 62 miles (800 and 100 km): When switching on the ignition, this warning lamp comes on, accompanied by an audible signal (1 beep) and the display of a message (e.g. "Top up AdBlue: Starting impossible in x miles") indicating the remaining range expressed in miles or kilometres. When driving, the audible signal and the message display are triggered every 62 miles (100 km) until the level is topped up. It is essential to top up as soon as possible and before the tank is completely empty; otherwise it will not be possible to restart the engine after the next stop

- Remaining range less than 62 miles (100 km): When driving, the audible signal and the message display are triggered every 6 miles (10 km) until the AdBlue tank is topped up. It is essential to top up as soon as possible and before the tank is completely empty; otherwise it will not be possible to restart the engine after the next stop.

Important Points

- If your vehicle's AdBlue® tank is completely empty – which is confirmed by the alert messages and the impossibility of starting the engine - you must add at least 5 litres of AdBlue® solution
- Never pour AdBlue® into the Diesel fuel tank
- If any AdBlue® is splashed, or if there are any spillages on the side of the body, rinse immediately with cold water or wipe with a damp cloth
- If the fluid has crystallised, clean it off using a sponge and hot water
- Keep AdBlue® out of the reach of children, in its original container
- Never store AdBlue® containers in your vehicle
- Use only AdBlue® fluid that meets the ISO 22241 standard
- Never transfer AdBlue® to another container: it would lose its purity
- Never dilute AdBlue® with water
- Important: in the event of a top-up after an AdBlue® breakdown, you must wait about five minutes before switching on the ignition, without opening the driver's door, unlocking the vehicle or bringing the electronic key into the passenger compartment.

PEUGEOT 5008 SUV Range: Dimensions

EXTERNAL DIMENSIONS

Length (mm)	4.641
Width (mm)	1.844
Height without / with roof bars (mm)	1,640 / 1,646
Wheelbase (mm)	2,840
Front / rear overhang (mm)	926 / 875
Front / rear track width (mm)	1,593 / 1,601
Approach / departure angles (degree)	19 / 28
Ground clearance (mm)	236
Turning circle between pavements (m)	11.20

EXTERNAL DIMENSIONS FOR PARKING

Length with boot open (mm)	5,150
Width with front / rear doors open (mm)	3,617 / 3,657
Width with door mirrors open / folded (mm)	2,098 / 1,906
Height with bonnet open (mm)	1.936
Height with boot open (mm)	2,048

PEUGEOT 5008 SUV Range: Service Contracts

PEUGEOT offer two levels of Service Contract:

PEUGEOT Service Plans

What's included:

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan
- We offer PEUGEOT Service Plans for up to five years with many mileage options
- One-off up front or monthly direct debit payment options available

Monthly price examples*:

36 Months / 30,000 Miles	48 Months / 40,000 Miles	60 Months / 50,000 Miles
14.16 per month	17.66 per month	17.40 per month

* Price examples based on an annual mileage of 10,000 per annum

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Dealer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

Extended PEUGEOT Assistance*

What's included: Extension of your PEUGEOT Assistance Cover

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years
- Cover includes:
    - PEUGEOT Assistance from Home
    - PEUGEOT Roadside Assistance
    - PEUGEOT Recovery
    - PEUGEOT Onward Travel
    - PEUGEOT European Cover

* Excludes non-vehicle induced faults

To find out about extending your PEUGEOT Assistance cover, call 0800 294 0294.

Model shown is all-new PEUGEOT 5008 SUV GT with optional Amazonite Grey Metallic Paint.

* Cars with a list price of over £40,000 when new pay an additional £320 per year on top of the £145 annual tax 'standard rate', for five years after the end of the first licence before returning to the rates listed above.

VAT is calculated at 20%

VAT is not applicable to cars sold in the Channel Islands

PEUGEOT 3 Years of Warranty

All vehicles first registered in the UK and purchased from a UK PEUGEOT Dealer benefit from a PEUGEOT 2 year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Dealer Network in the UK.

PEUGEOT Assistance

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at www.peugeot.co.uk

Terms and Conditions

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.
